The Lighthouse Church would like to start a ministry to the deaf and hearing-impaired in our community. The current vision is to have an American Sign Language (ASL) interpreter for at least one church service per week.

Depending on the demand for, and availability of qualified interpreters, the ministry may expand to any other areas such as bible studies.

If you think that you are an ASL interpreter and you would like to willfully serve for the honor and glory of the Lord, then maybe this unique opportunity to reach and serve this sector of our community is the right ministry for you.

For additional info contact the church office.
