Why did God choose Abram?

This scripture is identified as the Abrahamic Covenant.

- Is this a conditional or unconditional covenant?
- What promises are included in the covenant?
- What specific rite did God give Abram and his future people as a sign of the covenant?
- Five times the phrase “I will” appears. What does this communicate about God?

Based on the command for Abram to leave his family, was it a sin that Abram allowed Lot to go with him?

What would've been your internal and external response if you were Abram?

How receptive are you to the potential call of God being outside your comfort zone?
